

DR. GEORGE C. PARDEE IS ELECTED THE NEXT GOVERNOR OF CALIFORNIA BY 4,000 MAJORITY.

Pardee Wins the State by Over 4,000 Majority--He Has 4,772 Plurality in Alameda County--Bishop Elected Sheriff--Grim Is Recorder--Bacon Chosen For Auditor--Cook Wins for Clerk--Dalton Assessor--Barber, Feidler and Crawford Are Successful--Entire Republican Legislative Ticket Elected in This County.

The Republicans of Alameda County achieved a splendid victory in the main in yesterday's election, although they suffered the loss of a few minor offices. A majority of approximately 5,000 was rolled up for Dr. George C. Pardee and the rest of the Republican State ticket.

Congressman Metcalf was given about 7,000 majority, while every one of the nine legislative nominees was elected by handsome majorities.

It was a glorious victory that shines by contrast with the reverses suffered in other Republican Counties.

The returns show that the Republicans of this County stood together on all the offices of political importance. Indeed, Republican strength here has been reinforced instead of weakened.

In the general enthusiasm love for the principles of the Republican party and loyalty for its candidates were plainly discernible, which was proved in a more effective way by the unanimity with which the voters went to the polls.

In no part of the County was there any weakening in the Republican line on the State, Congressional and legislative tickets.

Alameda County is as of old strongly entrenched in her Republicanism, and has again demonstrated that she is to be relied on to roll up big Republican majorities when they are needed.

In addition to giving the State ticket about 5,000 majority, they have elected three Superior Judges, the Clerk, Tax Collector, District Attorney, Treasurer, Surveyor, Coroner and nearly all the township officers. That is not bad.

Besides the Governor they have the Clerk of the Supreme Court, United States Senator and Congressman.

Leavitt and Knowland go to the United States Senate.

In the face of such an array of splendid successes a fly or two in the ointment in the shape of a loss of a few county offices is of little consequence. There is so much to rejoice over, that the little cause for regret is not sufficient to dampen spirits.

The Republicans of Alameda County have responded to the call of their national and State leaders splendidly, and they have a right to feel proud of their work.

The ballot is such a long one and carries so many names that the work of counting is slow and the tabulation a laborious operation, but the returns received show that the Tribune's summary can be relied upon, and that Pardee's majority in the County will be little short of 5,000.

These returns are all complete save in two or three counties.

Fresno gives Lane 300 majority and Santa Cruz gives him 150.

THE BULLETIN ADMITS IT.

The Bulletin, the only San Francisco paper that supported Lane, conceded Pardee's election.

ty. give Pardee 9,435; Lane 6,585. Same gave McKinley 10,750; Bryan 5,056.

Chairman Lee of Republican county central committee, estimated at noon that Pardee has carried Los Angeles county by 5,500.

Vote on candidates for Supreme Bench from same 107 precincts give Angelotti 8,732; Shaw 7,509; Farnsworth 4,308; Trask 5,399. McLachlan for Congress ran ahead of the ticket and his majority over Johnson is estimated at 7,000. Daniels for Congress in Eighth District, elected by apparently a good majority, though figures not obtainable at this time.

DANIEL WILL GO TO CONGRESS

SAN FRANCISCO, Nov. 5.—For Congress, Eighth District, 106 precincts out of 473 give Daniel 2,321; Smythe 4,674. Same gave McKinley 5,707; Bryan 5,236.

Piedmont Sulphur Springs Park—Cool, shady, delightful.

LOS ANGELES, November 5.—107 out of 187 precincts, Los Angeles county.

LOS ANGELES COUNTY WILL GIVE HIM OVER FIVE THOUSAND.

There Was a Big Fight Over the Office of Sheriff.

LOS ANGELES, November 5.—The entire Republican county ticket of Los Angeles county has been elected by majorities ranging from 2,000 to 6,000. The closest fight on the ticket is that for sheriff, and the indications are at noon that White, Republican, is elected over Wilson, Democrat, by 2,000.

All the Republican legislative candidates have been elected with one possible exception. The vote in the 38th senatorial district, between Pendleton, Republican, and Davis, Democrat, is very close with the advantage at this hour in favor of Pendleton.

For Supreme Bench, Angelotti received the largest number of votes in this city, the returns from 107 out of 187 precincts in the county showing the following vote: Angelotti 8,732; Shaw 7,509; Farnsworth 4,308; Trask 5,399.

McLachlan's majority over Johnson for Congress from the Seventh District, is one of the largest on record in this county. At noon

EASTERN.

LATE RETURNS MISSOURI NOW LARGE VOTE IN FROM DENVER DEMOCRATIC. KANSAS.

THE ELECTION OF THE STATE TICKET STILL IN DOUBT.

DENVER, Col., Nov. 5.—The result of the election as to the State ticket was still in doubt at noon today. Nearly complete returns from Arapahoe county, including the city of Denver, give E. C. Stinson, the Democratic candidate for Governor, a plurality of 4,000 over James H. Peabody, Republican. Milton Smith, chairman of the Democratic State Committee, concedes a Republican plurality of about 2,500 in the State outside Arapahoe county, but says that Stinson's election is assured by the vote of this county. D. B. Farley, chairman of the Republican State Committee, still claims the election of the entire Republican State ticket by 3,000 to 10,000 plurality. There appears to be no doubt that the Democrats will have a large majority on joint ballot in the Legislature, insuring the election of United States Senator Teller. Careful estimates show that the house will consist of thirty-nine Democrats, twenty-four Republicans and two members who were on both tickets, and the Senate of twenty-five Democrats, eight Republicans and two Populists. Both Republicans and Democrats are claiming the three Congressmen, but the chances favor the Democrats. Should Adams and Shafter be declared elected, their seats will probably be contested on the ground of alleged frauds in Denver. The Republicans allege that 5,000 fraudulent votes were cast in this county for the Democratic ticket.

All the constitutional amendments were adopted, except the Buckin (Australian Tax System). A Times extra says: "The Republicans are preparing to contest the election of the Democratic legislative ticket in Arapahoe. They claim that the control of the lower house of the Legislature depends upon this claim in this county. They will ask the Secretary of State to refuse certificates to the Democrats, and if Mr. Miller, who is a Populist, refuses to enter into the scheme, they are planning to organize a rump Legislature. They claim that Peabody, if elected, will issue credentials to the Democrats, and he will come to Denver at once to enter the senatorial race. He will be the Republican choice as against Teller."

ST LOUIS, Nov. 5.—While complete returns from all parts of the State have not been received, there is nothing to indicate a change from last night's figures, which show the election of the Democratic State ticket, a safe Democratic majority in the Legislature will select a successor to United States Senator Vest and the election of fifteen Democrats out of sixteen Congressmen.

Richard Bartholdt, who was re-elected to Congress from the Eleventh district, was the only successful Republican candidate. The Democratic majority in the State and county tickets will be in the neighborhood of 7,000.

REPUBLICANS MAKE A SPLENDID SHOWING IN THIS STATE.

TOPEKA, Kas., November 5.—The vote cast in Kansas yesterday was close to 200,000. Chairman Albough of the Republican state committee says Bailey's plurality for Governor will be close to 35,000.

About 12 per cent of the ballots were legally marked. The Republicans will have a majority in the Legislature, allowing them to elect a successor to Senator W. A. Harris, Democrat. The seven members of the Congressional delegation are Republicans.

MASSACHUSETTS IS IN LINE.

REPUBLICANS WIN OUT WITH PLENTY OF ROOM TO SPARE.

BOSTON, Nov. 5.—Massachusetts elected a Republican State ticket, a Congressional delegation of ten Republicans and four Democrats, a State Senate of 31 Republicans and nine Democrats and a House of Representatives consisting of 155 Republicans, 25 Democrats and three Socialists.

The total vote was the largest ever known for Governor, reaching approximately 200,000 against 118,000 for Governor two years ago.

Lieutenant-Governor Bates, in being chosen Governor, led William Gaston, the Democratic candidate, by a plurality of 77,479, but Col. Gaston made a gain of forty per cent in the party vote as compared with that given Josiah Quincy last year, and cut an average Republican plurality about one-half.

The Socialist vote cannot be overlooked as John C. Chase, for Governor, received about 34,000, a gain of more than 300 per cent over last year, and jumping the party from a three per cent to an eight per cent basis.

CLAIMS MADE IN STATE OF WYOMING

CHEYENNE, Wyo., November 5.—The Republicans claim that Congressman R. W. Modell has been rejected by a plurality of about 7,500. Governor Richards by a plurality of 3,500 and the entire Republican State ticket by a plurality of 4,000. They assert that the Legislature is overwhelmingly Republican and credit the Democrats with three members at the most.

The Socialist vote cannot be overlooked as John C. Chase, for Governor, received about 34,000, a gain of more than 300 per cent over last year, and jumping the party from a three per cent to an eight per cent basis.

ELECTION RETURNS FROM MONTANA

BUTTE, Mont., November 5.—At 3 a. m. 107 precincts in the State gave the Dixon (R) for Congress 8,234; Evans 5,445.

Over a hundred and eight precincts gave Holaway (R) for Associate Justice 10,718; Leslie (D) 7,162. These figures include Anaconda complete, Missoula, Fergus nearly complete, portions of Lewis and Clarke and Silver Bow and Madison complete with the exception of Sheridan.

The Fusionist or Holize party elected practically their entire ticket including district judge. In Lewis and Clarke the Democratic county ticket is chiefly successful.

The Legislature will be Republican by a small majority.

ABSORBING PROBLEM

Of the Present Day.

The absorbing problem of today is, how to expend one's income so as to attain the best results; that is, get full value for one's money.

It may truthfully be said that this has been, is, and always will be an absorbing problem to those with limited means; but the fact remains that, with the price of living necessities constantly rising one must husband one's resources more carefully than ever before if he would live within his income. In saying that prices are rising, we except one article which has come to occupy a prominent place in the family medicine chest, and that is, the Osgood's Pile Cure.

This specific for piles or hemorrhoids known as Pyramid Pile Cure, this remedy is still sold by druggists at the old prices of fifty cents, and one dollar, and these prices will remain unchanged. These who have this preparation has brought relief and a cure after years of suffering do not need to be told of its merits; others are advised that it is the greatest boon to the sufferer, and that it is in suppository form, is easily applied, reaches the seat of the complaint, and gives immediate relief and a lasting cure.

The reader may have tried salves, ointments and ointments without benefit, and feeling that his money has been wasted, resolves to suffer on rather than experiment further. The reason that they do not reach the seat of the trouble, and hence do not remove the cause, as do Pyramid Pile Cure. A little book describing piles, their cause and cure, is published by the Pyramid Drug Co., Marshall, Mich., and any one may procure a copy by sending name and address to above firm. As showing the estimation in which this remedy is held by the public it may interest the reader to know that its sales now exceed those of all other pile remedies combined.

FUSION TICKET WINS IN NEVADA

RENO, Nev., Nov. 5.—Indications are this morning that the entire State Fusion ticket, with the exception of Ring, Superintendent of Schools, has been elected. This county (Washoe) elects the Fusion ticket, with the possible exception of Myers for District Attorney and Norcross for Judge of the Second Judicial District, comprising the couples of Washoe and Churchill. The Fusionists will have a large majority for United States Senator on joint ballot.

ODELL'S COMMENT.

NEW YORK, N. Y., Nov. 5.—Governor Odell said last night: "The victory which has been won, in my opinion, is a rebuke to unclean politics."

GOES REPUBLICAN.

FARGO, N. D., Nov. 5.—North Dakota has gone Republican by about the usual majority. The Republican State Committee estimates White's majority for Governor at 8,000. North Dakota elects two Congressmen at-large this year and both of these are Republicans. Thomas F. Marshall being re-elected and R. F. Spaulding being named as his associate. The Legislature will elect a successor to United States Senator Hansbrough, is overwhelmingly Republican.

REPUBLICANS TO HAVE THE HOUSE

NEW YORK, November 5.—Congressman Overstreet of Indiana, secretary of the Republican Congressional Committee, said at noon today that the Republicans would have in the next House of Representatives at least 205, perhaps 208. Republican gains, he said, were reported today from Colorado and Republicans in the eighth Tennessee, ninth Virginia and seventh Alabama were electing victory.

With 205 members the Republicans will have a majority of 28, with 208, a majority of 30.

DE LARE STRIKE AT AN END

PORTLAND, Ore., November 5.—The Grain Handlers' Union last night declared off the strike at Oceanic Dock, the non-union men at work there having decided to join the union, which action was satisfactory to both the exporters and the union men.

CARRIED DEAD CHILD THROUGH THE CITY.

SAN FRANCISCO, Nov. 5.—After bringing his daughter, 3 years old, suffering with diphtheria, many miles to give her proper medical attention, only to have her die in his arms, the distracted father of little Rosa Balestrieri, fearing to board a street car, carried the dead babe almost a mile in order to reach a friend's house.

J. Balestrieri, who lives in Black Diamond, upon the advice of Dr. de Luca of this city, decided, in order that his child might have proper attention, to bring her to San Francisco. Dr. de Luca's son, the child and father, boarded the train yesterday afternoon and reached the Ferry depot at 5 p. m., only to be a grief-stricken witness to the departing of the little one.

An unassuming, quiet man, he and he refused to board a car. He walked to 424 Broadway, where his friend, Peter Smirno, lived. When he reached there he was advised to take the corpse to an undertaking establishment at 1524 Stockton street. Never having loosened his grasp on the dead child, he was obliged to walk many more blocks to the undertaker's. The Morgue was notified, and the case was pronounced by the autopsy surgeon to be diphtheria.

ONLY ONE LONE CONGRESSMAN

DES MOINES, Ia., Nov. 5.—The Democrats succeeded in electing one Congressman in Iowa for the first time in eight years, Judge Martin J. Wade defeating the Republican candidate, Hoffman, by 300 plurality. Birdsall, Republican, in Speaker Henderson's district, received 5,000 plurality. The Republican plurality for the State ticket will exceed 70,000.

BELL WILL WIN FOR CONGRESS

SAN FRANCISCO, Nov. 5.—For Congress, Second district, 18 precincts out of 420, give Combs (R) 6,535; Bell (Dem.) 6,550. Stone gave McKimley 7,338; Bryan 6,165.

BIG MAJORITY IN WYOMING

CHEYENNE, Wyo., Nov. 5.—Republican majority in Wyoming have surpassed all expectations. Republican for Congress will have 6,000 majority. The entire Republican State ticket is elected by 3,000 to 5,000. The Legislature is overwhelmingly, possibly unanimously, Republican.

STATE SENATE IN DELAWARE

WILMINGTON, Del., November 5.—The State Senate will send ten Republicans and seven Democrats. The House will stand eighteen Republicans and sixteen Democrats with one district unknown. On joint ballot the vote will be 28 Republicans and 23 Democrats.

Of the Republican members it is conceded that eight are opposed to the election of Addicks to the U. S. Senate. This promises to prevent a deadlock over the election of U. S. Senators at the next session of the legislature.

FUSION PARTY WINS IN NEVADA

RENO, Nov. 5.—It is conceded that the Fusion party has elected Sparks Governor, Van Duser for Congress and entire Legislature. Newlands will have nearly two-thirds vote in joint session of Legislature for United States Senator.

SENATOR HILL SILENT.

ALBANY, N. Y., Nov. 5.—Former Senator Hill declined to make any comment on the result in this State.

REPUBLICANS ARE HARD WORK TO WINNERS. SECURE ANY SUPPLIES.

IDAHO WILL REMAIN IN THE RANKS OF PROSPERITY.

BOISE, Idaho, Nov. 5.—Returns this morning confirm figures sent out last night showing the election of the entire Republican State and Congressional tickets. A Republican majority on joint ballot in the Legislature seems assured, and W. E. Borah will probably succeed Senator Frank Church as United States Senator, morning conceded the election of the entire Republican ticket. He, however, claims a majority on joint ballot in the Legislature. Republican leaders claim their majority will be thirteen.

TOTAL VOTE AS GIVEN IN CHICAGO

CHICAGO, Nov. 5.—With the exception of a few missing precincts the total vote of the city of Chicago for State Treasurer is as follows: Busse (R.) 123,730; Duddleston (D.) 116,539. Busse's plurality 7,191.

Barrett, the Democratic candidate for Sheriff, received 15,235 against 12,295 for the Republican ticket. For County Treasurer, Barrett received 115,482 against 115,690 for Klopfer. It is estimated that the county vote outside the city will swell the Republican vote by 5,000.

WHAT DEMOCRAT SAYS OF OHIO

COLUMBUS, Ohio, Nov. 5.—Harvey C. Garber, chairman of the Democratic State Committee, this morning gave out a statement in which he says: "In Hamilton county last year the honored and gallant Indian soldier, Colonel J. S. Kilbourne, as the Democrats' ticket for Governor, made the Republican precincts of Cincinnati Democratic by 4,000 votes, and Lewis G. Bernard today made the Democratic precincts there go Republican by 7,000 votes. Both John R. McLean and Bernard have resigned their commissions as Democrats. The next State Convention will undoubtedly accept the same."

HOW THE VOTE IN TEXAS STANDS

DALLAS, Tex., Nov. 5.—The vote in Texas as far as counted, gives for Congress Jones (Rep.) 7,532; Cushman (Rep.) 7,533; Humphreys (Rep.) 7,534; Crotwell (Dem.) 4,376; Heacock (Dem.) 4,739.

Berkeley Boys Angry Stanford Men Will Try An Explosion at a Home Over the Retirement of Smith. Hard to Win Football Game. in Berkeley Last Night.

BRANCH OFFICE, 2121 STANFORD PLACE

Subscribers failing to receive THE TRIBUNE every day should notify the Berkeley office by telephone, 513, as early as possible, and a copy will be delivered by the carrier the same evening.

BERKELEY, Nov. 5.—It is many years since the University of California students have cherished such a feeling for their rivals at Palo Alto as they do now, after a settlement of the dispute over Halfback Smith's status as a professional. The sentiment is general throughout the student body that Stanford made an unreasonable demand in her determination to settle the question in her own way, regardless of the reading of the Intercollegiate agreement. It is claimed at Berkeley that, whether Smith was or was not an amateur, it was overstepping the bounds of their province for Stanford's management to insist on a review of the case after the Pacific Athletic Association and the California faculty athletic committee had made their final rulings.

Although the incident is formally closed, the aftermath has yet to be experienced. And the results will be seen in the big game next Saturday afternoon, when the twenty-two football antagonists will fight out the decision of the annual championship and incidentally mix in the settlement of the athletic difference that has occupied the attention of the rival teams for the last few weeks. That the coming struggle will be no amicable passage at arms was indicated today in Captain Albertson's comments on the situation. He said:

"Smith's loss weakens the team in every way. He was our greatest line backer, always sure of making his distance. He was the strongest and heaviest man in the back field, and was absolutely needed to back up the line on the offensive. We can't put in a substitute who will in any way make up for him. All our other half-backs are too light or too inexperienced, and the position we had hoped to have our strongest is now our weakest. Then, too, it gave the whole eleven confidence to have such a veteran playing with them. His loss means that the California team will be 50 per cent weaker than it was before. We can only hope to make this up in the spirit of the men when they go into the fight. Any overconfidence that may have been lurking among them is gone and, in its stead, there is a firm determination on the part of each man to play for every ounce there is in him. I can promise that it will be the fiercest game we have ever played. The men are determined and will not be stopped by anything. They will play till they drop—and then we will put in 'subs,' who will go in just as hard."

The greatest football rally of the season will take place tomorrow afternoon. It is the annual "AX Rally," and will be the last open-air demonstration by rooters and football eleven before the intercollegiate game on Saturday. On this occasion, as has now become a tradition, the great Berkeley trophy, the Stanford ax, will be paraded by its custodian, Harry Hudson, varsity right end. The afternoon's practice will be open to the public and the thousand members of the Rooters' Club, all attired in the flaming blue and gold hats, will sit on the bleachers to sing and yell and listen to speeches from prominent undergraduates, alumni and faculty men. At the conclusion of the exercises a monster serpentine dance will

be formed, and the cheering procession will repair to the gymnasium, where Hudson will formally turn the custody of the ax over to its new guardian, whose name is still secret. Special precautions have been taken to protect the precious blade from any possible raid from the Stanford men.

WOMAN IS INJURED IN AN EXPLOSION.

BERKELEY, Nov. 5.—An explosion from a gas stove last evening all but destroyed the eyesight of Miss Alta Enslow, the daughter of O. N. Enslow of 2217 Shattuck avenue. In some unaccountable manner one of the flames in the stove became extinguished, leaving the remaining one above to heat the whole oven, which rapidly filled with escaping gas. When Miss Enslow went to open the door of the stove, the body of gas inclosed was instantly ignited and burst full in the face of the young girl. Her face was badly burnt in a number of places and her hair and eyelashes were singed. She was immediately placed under the care of a physician, and every effort will be made to save her features from permanent disfigurement.

PLAYERS AT WORK AT STANFORD.

BERKELEY, November 5.—The following article has been published concerning the Stanford players. "The coaches are allowing the football men to ease up on the hard work which they have been doing for the past three weeks. This afternoon the men on the 'varsity' team were lined up for only ten minutes for scrimmage with the second eleven. The second team put up a good game against the varsity and succeeded in breaking up their plays on several occasions. "The varsity players seemed to have a better grasp of the new signals to-night and the plays ran off more smoothly. Assistant Coach Shaker hopes to cure the defect during the practices before the game. Several times during the few minutes of practice, however, the first eleven fumbled the ball as a result of mixed signals. "Some of the varsity men have taken a slump and are not playing with the snap they should exhibit three days before the varsity game. These players will be allowed to stay out of the practice for awhile, with the expectation that they will round into form by Saturday. "The officials for the game, with the exception of the referee, have been agreed upon by Treasurer Edwards and Manager Decoto. E. C. Dudley, a former Yale half-back who is at present engaged in mining near Forest Hill, will officiate as umpire. John T. Nourse, Stanford '00, and I. J. Muma, California, '00, will be the line judges, and Dave Brown, Stanford, '07, and Everett Brown, California, '07, will act as timekeepers."

Keep Warm this Winter

The last few rainy days found many folks unprepared for winter—either the stove had not been set up or the wood or coal not ordered. An oil stove is portable and is ready at all times. If it's a good stove like the one we sell it is safe and reliable, clean and light—can be easily carried from one room to another, and can heat up the room in a few moments; it is odorless and smokeless.

Larger sizes for parlor and sitting room; smaller sizes for bedroom and bath. See our show window this week with a display of "heating appliances."

Appeals alike to the artist and the utilitarian. The strong, simple lines and harmonious proportions are the embodiment of art to the one and appropriateness and service to the other. No amount of ornamentation could add to the beauty of the solid oak finished in those soft, neutral tones.

While Mission designs may not suit your dining room, some one of our many other designs will. Prices will suit you, too. They range up to \$95.00. A Square extension, dining table of Golden Oak (we have no ash nor elm), well made and finished, with center pillar; will seat eight, as low as \$4.50

William E. Dargie, President

DR. PARDEE'S VICTORY.

Dr. George C. Pardee's faith in the loyalty and Republicanism of his home county was not misplaced. He was given a vote here of which he has a right to be well proud, and the voters of Alameda county have the satisfaction of knowing that their votes largely contributed to making him Governor of California. Nobly did Alameda county redeem the pledge her delegation gave the convention that made Dr. Pardee the Republican standard-bearer.

Dr. Pardee has won a glorious victory in the face of obstacles that made success doubtful up to the hour of counting the ballots. Beyond question he turned the tide in his favor in the last week of the campaign. In San Francisco alone, he won over several thousand voters by the courage and good temper with which he faced hostile crowds during his canvass of the city. He went among the working men and talked to them, face to face, in a way that they could not resist.

Dr. Pardee's canvass of San Francisco was in the face of heavy odds. His opponent is a man of unusual popularity, and one of the best campaigners the State has known. He was looked upon with especial favor by the members of the labor unions, who were disposed to vote together in this election, because of a peculiar combination of circumstances. On the other hand, the workingmen were prejudiced against Dr. Pardee as soon as he was nominated by misrepresentation and artful appeals to class feeling. Dr. Pardee could not personally combat this prejudice till he had completed the canvass of the State outside of San Francisco. In the closing days of the campaign, it was a delicate and difficult task to meet prejudice on its own ground and overcome it, but it was one that the Governor-elect performed with tact and patience, coupled with energy and a perfect trust in the judgment and sense of fair play of the working men.

The election of Dr. Pardee is a distinct triumph for conservatism. It is a victory for social order, and the forces which make the commonwealth prosperous. It will carry abroad confidence in the people of California. It is an assurance that the Golden State is true to the principles of the Republican party, and loyally supports the administration of President Roosevelt. A different result would have disturbed business conditions, and encouraged the assault that is being made on the tariff which protects the industries of California from the destructive competition of foreign pauper labor.

It was wisely done and handsomely done. Dr. Pardee will make one of the best Governors California ever had. He deserves the honor conferred upon him.

THE ELECTIONS SATISFACTORY.

The country is to be congratulated on the hearty endorsement given President Roosevelt and the Republican party. Local conditions made the contest uncomfortably close in a few States, but generally speaking the Republican success was as pronounced as could be expected in an off year. All the great Middle States are still in the Republican column. Not one will be missing. New York, Pennsylvania, Ohio, Indiana, Illinois, Wisconsin and Massachusetts are still in line for prosperity and protection. The Republicans even retain their grip on Maryland and West Virginia, but suffer a reverse in Delaware because a selfish and unprincipled millionaire insists upon wrecking the Republican party in that State unless it consents to make him Senator.

Governor Odell was handicapped in New York by the feeling engendered in the large cities by the great coal strike, which entailed an immense amount of suffering among the poor. The party in power is always held responsible for such conditions, however blameless it may be, and Governor Odell was severely punished for the sins of the coal combine. Had not President Roosevelt, by an opportune display of nerve and tactful reserve, stopped and ended the strike, New York would probably have gone Democratic.

In the States west of the Missouri river the Republicans party has held its own at all points, and made gains notably in Montana and Idaho.

All well, therefore, on the Republican watch tower.

There is no use in crying over spilt milk, but it is hard to restrain a feeling of regret that misrepresentation and prejudice accomplished the defeat of John Mitchell and J. C. Ewing on the county ticket. The defeat of Gray and Lynch was not unexpected, nor was it caused by personal misrepresentation, and therefore must be received philosophically. But Mitchell and Ewing were made scapegoats for the real or imaginary sins of others. However, such miscarriages will perhaps always be incident to popular elections.

Take notice San Francisco. Alameda county will take back that banner, please.

Who said Alameda County was not loyal to Dr. Pardee?

IRISH LAND TROUBLES.

The situation in Ireland seems to be growing more strained. Efforts to quell the agitation in regard to the land and rent questions by sending the Parliamentary leaders and other speakers on the popular side to jail have not only proved abortive, but they seem to aggravate the trouble. Nevertheless, the Government authorities persist in the policy of coercion while admitting its futility.

William Redmond has just been sent to prison for six months because he refused to give a bond of \$1,000 for his future good behavior. Good behavior is the legal euphemism in Ireland for refraining from agitating the land question and condemning the policy of the British Government with respect to Irish matters. The temper of the Irish people is shown by the applause which greets Redmond's determination to endure the rigors of prison discipline rather than be silenced.

Other leaders also cheerfully go to jail in preference to surrendering the liberty of speech, and in accepting the disagreeable alternative take occasion to defy the Government and set it at defiance.

Sections in the Southern, central and Western Counties continue to be declared under the operation of the Crimes Act, but the effect is only to intensify public sentiment. As a fact the great mass of the population is in a species of revolt against the enforcement of the laws, but while indulging in seditious speech studiously refrain from acts of violence. The British authorities are compelled to reluctantly admit that there is less crime in Ireland than in any other part of the Empire. It is hard to deal with a people who passively resist the execution of obnoxious laws, but refuse to commit violent acts of resistance.

The situation carries its own moral. It admonishes the Tory statesmen now at the head of the British Government that they must apply some satisfactory remedial legislation to the standing grievances of the Irish. Harsh measures and a temporizing policy only fan the flames of popular resentment. One would think the leaders of Parliament would some time learn the wisdom of giving the Irish people something they want, but they seem wedded to the policy of stifling free speech with one hand while offering trumpery and wholly unsatisfactory measures of alleviation in the other. They cannot get rid of the ancient British notion that what the Irish really desire must be denied as improper.

ROYALTY BOWS TO CASH.

William Waldorf Astor finds himself a favored guest of the Roumanian Court because he has a hundred million dollars of good American money. But for this copious supply of plebeian cash Mr. Astor would wait for a long time before the Queen of Roumania would drive his daughter about in the royal carriage. We speak of the worship of wealth in this country, but the royalty and nobility of Europe are quite as much addicted to it as plain republicans. Astor of course exhibits a snobbish respect for titles, but the people he adulates show an equally vulgar and snobbish respect for wealth. Between the one who worships titles and the one who bows down before money there is little to choose. If anything, the member of royalty or nobility who believes his own claim of belonging to a superior breed by pandering to wealth is less to be respected than the rich parvenu who sees a claim to superiority in a title. The former, at least, does not surrender his only claim to consideration by adorning riches. There is more humbug in rank even than in commonplace coin.

THE TRIBUNE'S BULLETINS.

The Tribune confesses to a feeling of pardonable pride in the excellence of its election returns and the satisfaction they gave to the immense crowds that watched the display of the bulletins last night and today. The promptitude and reliability of the Tribune's splendid news service never showed to better advantage than in this election. As usual the Tribune's returns were in advance of others, and their accuracy was a matter of general commendation. The public is satisfied and the Tribune is gratified.

The bulletins were a splendid success. During the campaign much was said about the apathy of the voters, but there was no apathy on election day. Because crowds do not rush to hear the spell binders do their little turn at speaking, and yell and hurrah with mad enthusiasm when the well worn platitudes are trotted out in regular procession as the stream of oratory flows over rounded periods, is no sign the voters take no interest in what is going on or is not keenly observant of the current of events. It cannot be said that there is apathy when the voters go to the polls and take pains to pick out the candidates they desire to vote for. The term apathy means that old style campaign of fireworks and stump fustian has passed out and given place to a more thoughtful consideration of the issues involved. The change is for the better.

Now that the election is over, we will have to resume interest in the stale old stories of wars and revolutions in South and Central America.

LIBERTY BELLES FRUIT MERCHANTS AT MACDONOUGH

CHARMING PLAY COMING TO OAKLAND NEXT THURSDAY NIGHT.

Lots of fun, catchy music, bright situations, fascinating girls and entertaining comedians is a fair summary of "The Liberty Belles," which will be seen at the Macdonough Theater next Thursday and Friday, November 6th and 7th. This musical comedy is the work of the most popular writer, Harry B. Smith. The piece is a musical comedy without a star—that is, there is no particular part that stands out beyond the rest, nor is there any name on the program in darker type than the others. It is possible that Mr. Smith, who usually is given the task of writing a book around some star, was in this case allowed to have a freer hand. At any rate, "The Liberty Belles" is much brighter and contains more that is original than most of the recent offerings.

ALAMEDA, November 5.—Much interest is being taken in the big banquet that will be given by the Unitarian Club on Wednesday, November 19th, in commemoration of the close of the sixth year of the club.

The banquet will be one of the most interesting social events of the season and will be attended by all the members and many of their friends. Contrary to the first arrangements it has been decided that there will be no dancing after the banquet. The affair will take place at Harmonie Hall.

NEW LIBRARY WILL SOON BE COMPLETED.

ALAMEDA, November 5.—Rapid

progress is being made on the interior of the new library building. The metal lathing was put in some time ago and the plastering is nearly completed.

Foster and Son, the contractors, state that it will be completed by the latter part of December and in readiness for occupation by the first of the year.

Much interest is being taken in the building, which when completed will be one of the handsomest structures of its kind in the State.

SHE WILL GIVE SONG AND DIALECT CONCERT.

ALAMEDA, November 5.—Miss Alexander, assisted by the well known baritone, S. Homer Henley, and Hother Wismer, one of San Francisco's finest violinists, will give a dialect and song evening on November 10th, at the Unitarian church.

Miss Alexander is a Southern girl, and really funny than almost any of the comic opera books that he has produced. The piece is in three acts, the first showing the territory of the young lady's territory, the second the cooking school of "The Liberty Belles" and the third a Florida hotel. The first act is a remarkably clever idea, and the best of it is there is not one thing in it to which offense could be taken. Mr. Smith has introduced new ideas into musical comedy, and he must be credited in this case with having solved the problem of making such a play that was amusing and interesting for three acts. The incidental music is credited to some seven or eight composers, and the result is a number of unusual, catchy airs just suited for this kind of rollicking performance. A new experiment has been tried in "The Liberty Belles," a musical comedy staged without a chorus. The loss, however, is not felt, as there are an unusual number of names on the bill and a greater majority of them belong to young and pretty girls. The fact that the piece is produced by Frank Hennessy's sufficient guarantee on this point, for this manager always seems to be able to collect a large number of pretty girls in his companies. The cast includes forty people.

ALAMEDA, November 5.—The local branch of the Wells, Fargo and Co. has taken possession of its new quarters on Park street and Webb avenue. The place has been remodeled especially for the express company, and every facility has been provided for handling its business in the most satisfactory manner. One of the improvements over the old establishment is the large storage room, with an entrance on Webb avenue. The Western Union has also moved its office into the Wells, Fargo and Co.'s office.

UNIVERSITY BOYS WILL GIVE CONCERT.

ALAMEDA, November 5.—Tomorrow night the University boys will present an excellent musical program at the Unitarian church. Besides the Glee Club and the University musical organizations, consisting of mandolin, guitar and banjo clubs, there will be a string quartet. The University boys will be further assisted by Delwin W. Hughes, violinist; H. D. Baldwin, bass; A. W. Black, mandolin.

ELIOT ON EDUCATION'S FAILURE.

President Eliot of Harvard, in his address before the Teachers' Association of Connecticut, criticizes our public schools for having failed to cure drunkenness, to train citizens in voting intelligently, to curb mob law, to prevent strikes and to purify the civil service. Apparently he thinks that these things might be done, or at least might be attempted, if more money were spent on the schools.

Dr. Eliot suggests by inference that everybody should spend "from \$100 to \$500" a year per pupil for education. The average American family with three children and \$700 or \$800 a year income might in that case run short of money to buy coal, beef and winter flannels. And even where money is spent liberally the magic results Dr. Eliot seeks are not apparent. More money is spent for education in Harvard than anywhere else in the country, and yet—Young's hotel is not a temperance house; John Harvard's statue is yet speechless with rage from its red paint and its crown of infamy; "town" and "gown" still fight cheerily in Cambridge; and as for politics, Harvard graduates vote on both sides of every conceivable question. Is our most expensive higher education then a failure?
